Thanks so much for including our school in your tour. Middle School kids can be tough audiences, but you had their attention from the beginning to the end. Your illusions were amazing and your talk about dreaming the impossible was awesome. I hope you'll come back to Riverdale in the future!!

Principal Dave Carlisle Riverdale School

"I believe his program was motivational for our students. He was able to keep a captive audience, which is not an easy task to do with 9th grade students. He was sincere in his presentation and the students related to what he was saying. Again, thanks for your assistance in providing this for our students."
